

# IAM Chapters and Branches

The IAM website ( [www.theIAM.org](http://www.theIAM.org) ) has Chapter pages which will give information about contact details for the Chapter Committees, Branch Leads etc

An IAM Member will be able to register for any of the Chapters and branches that they are interested in – there is no limit. However some Chapters have a levy that will be payable on membership renewal.

To register (or un-register) with the Chapters and branches you will need to ensure you are logged in on the website and go to 'Your Profile'

Click on 'Chapter Preferences' that you can find on the list to the left of your screen:

The screenshot shows the 'Member's Portal' interface for Diane Baseley. The top navigation bar includes 'Home', 'Join', 'Events', 'My Account', and 'Shops'. On the left, a sidebar menu lists various options, with 'Chapter Preferences' highlighted in a red oval. The main content area displays a list of chapters and branches, each with a checked checkbox indicating selection. The chapters listed are Ireland, UK, German, and Canadian, with their respective branches listed below each chapter header.
