

Welcome to The Institute of Asset Management

WELCOME TO

THE INSTITUTE OF ASSET MANAGEMENT (IAM)

The IAM is the professional body that represents physical asset management professionals across the globe by sharing knowledge, best practice and providing opportunities for training and development. Working with students, individual and Corporate Members as well as partners across sectors, IAM continues to promote the value of asset management and the varied career opportunities it can bring.

VISION & VALUE

The Institute of Asset Management is celebrating its 25th anniversary during 2019 and has a clear vision for the future – to be recognised as the leading international, professional body for asset management. The IAM is committed to providing

knowledge, events, publications, training and development which offer real insight and value. We also collaborate with other professional bodies to promote the important role that asset management plays within some of the largest businesses as well as smaller enterprises throughout the world.

Our values focus on independence, inclusiveness, collaboration, transparency, integrity and respect. Our Members continue to sit at the heart of our ambitious plans for growing our reach, enabling both the IAM and our Members to thrive.

WHY JOIN IAM?

Membership of the IAM provides a range of benefits, all of which aim to enhance your asset management career.

- ✔ You will be part of a global network of asset management professionals – sharing best practice, knowledge, insight and advice
- ✔ Chapters and branches across the globe offer events, networking and knowledge sharing opportunities locally
- ✔ The IAM offers a programme of learning, training and development including recognised qualifications that support the development of your knowledge and career
- ✔ Global and Chapter conferences bring together Members and experts to discuss the latest developments in the world of a set management. You will also have access to a free Annual Lecture and discounts for partner events
- ✔ Free subscription to Assets magazine delivers the latest news within our industry
- ✔ The NxtGen network is designed to support early-career asset management professionals at the start of their journey
- ✔ Access to our online discussion, knowledge and publication portal
- ✔ An opportunity to volunteer within your local Chapter, branch or the wider IAM committees and working groups

TYPES OF MEMBERSHIP

Individual

If you have an interest in starting a career in asset management or you want to develop your career further, individual membership offers a comprehensive package of support, learning and development. From recognised qualifications to knowledge sharing, publications, events and networking, individual membership provides a range of options that can be tailored to support your current and future asset management career.

Corporate

The IAM continues to support a wide range of organisations across sectors that are committed to developing and supporting both their employees' and their organisation's asset management capability.

Corporate Members can take advantage of discounts on some events and employees are able to access discounted individual membership. Corporate Members can also utilise the IAM logo for marketing and employee engagement purposes, have priority access to exhibition / sponsorship opportunities as well as participation and engagement with IAM projects and Committees.

GRADES OF MEMBERSHIP

Student membership is available to anyone in full or part-time education or have recently completed their education but have yet to be employed. It offers significant discounts to Member events, publications and services and students are actively encouraged to be part of our NxtGen network.

Associate membership offers a range of IAM services and benefits, aiming to support asset managers at varying stages of their career. IAM proactively supports all those at associate level to work towards Member and Fellow status.

Members can take full advantage of the complete membership package but will also be eligible for post-nominal letters MIAM once certain criteria has been met.

Fellows represent those Members that have either completed the relevant asset management qualifications or who can demonstrate excellence throughout their career. There are stringent criteria in place to achieve Fellow status and once approved, Fellows can utilise post-nominal letters FIAM. The IAM Board can also appoint an Honorary Fellow and this award honours those individuals who have made a considerable contribution to the IAM and the wider asset management profession.

IAM will help you make the most of your membership, supporting you to develop your career, knowledge and insight alongside the wider global asset management community.
