

# Infrastructure Ontario

Supporting the government's commitment to invest in public infrastructure and enhance the value of public assets

# IO's mandate

Creating a connected, modern, and competitive Ontario

Infrastructure Ontario is a Crown agency of the Province of Ontario that supports the government's initiatives to modernize and maximize the value of public infrastructure and real estate.

IO's mandate is determined by the provincial government and the agency is accountable to the Ministry of Infrastructure.

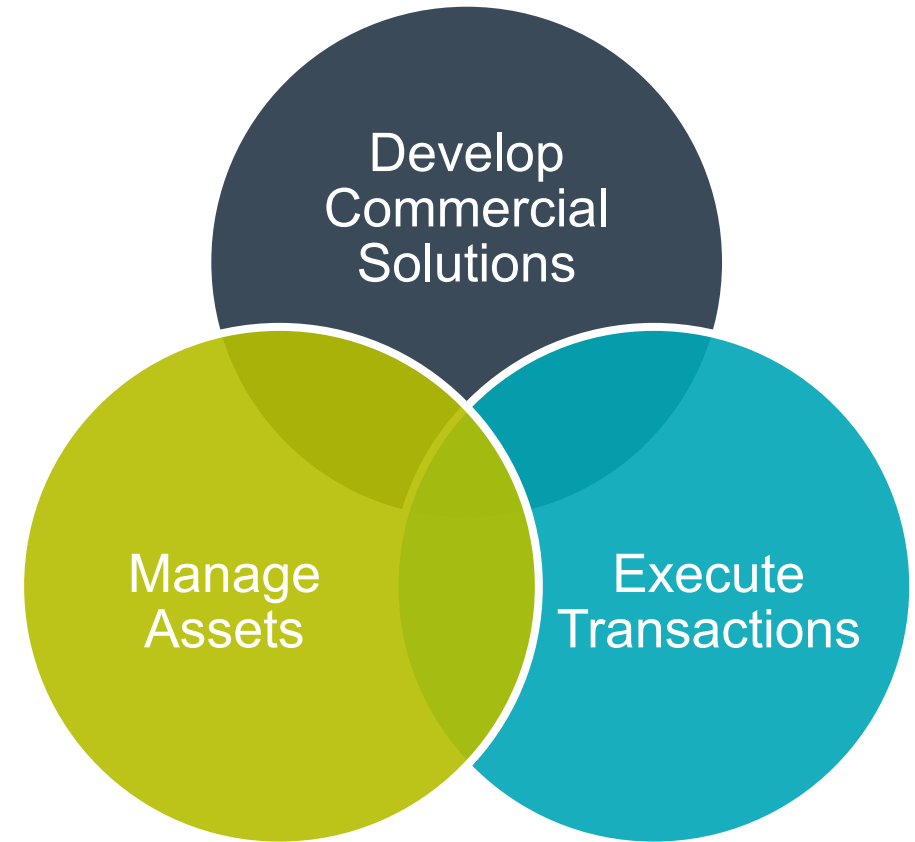

# IO's responsibilities

We develop commercial solutions

We execute transactions

We manage assets

**IO has five lines of business delivering results on behalf of public sector clients.**

Project Delivery

Real Estate  
Services

Commercial  
Projects

Infrastructure  
Lending

Development

# Real Estate Services

IO oversees the operation of one of Canada's largest real estate portfolios, ensuring ministries have effective facilities to deliver the programs that Ontarians rely upon.

# Environmental, Social and Governance

IO is creating lasting, and resilient assets that maximize benefits to local communities.

# Climate Change

IO's Climate Resilience Program is recognised by the Federal Government as a leading example of climate adaptation.

# Technological Change

Infrastructure projects are becoming increasingly complex, with technology playing a more dominant role in the delivery of bricks and mortar projects.

Looking to the  
Future...

# Conclusion

**Infrastructure  
Ontario**
